

Join the Summer Fun at the Kindersite Project

 The Kindersite looks forward to welcoming you and your families to our resource for educational fun and games. You can find the Kindersite at <http://www.kindersite.org>

 The Kindersite consists of 100s of items of rich content suitable for children from ages 2 up, many schools and teachers also use the Kindersite to help with learning English, as a first or second language.

For parents

• The Kindersite is a global resource for schools, homeschool, parents and caregivers. Registrations from 11,500 schools in 136 countries and many thousands of parents and caregivers with young children.

The Kindersite is a safe and secure website. Teaches children how to use technology by engaging them in a rich multimedia experience that motivates the learning process.

For Bilingual

• The Kindersite is also being used globally to expose children to English, as a first or second language.

For Special Needs

• Many special needs educators and parents have told us that their children love to use the Kindersite and gain much enjoyment and satisfaction. This includes children on the Autism Spectrum, Downs and many types of cognitive and learning disabilities.
